## **NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (unaudited)**

### **1. BASIS OF PRESENTATION**

The accompanying unaudited interim consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and with the instructions to Form 10-Q and Rule 10-01 of Regulation S-X. Accordingly, they do not include all the information and footnotes required by accounting principles generally accepted in the United States of America for complete financial statements. In the opinion of management, they contain all adjustments, consisting only of normal recurring adjustments, which management considers necessary to present fairly the financial position at June 30, 2004 and December 31, 2003; the results of operations for the three and six month periods ended June 30, 2004 and 2003; and cash flows for the six month periods ended June 30, 2004 and 2003. The results of operations for the three and six months ended June 30, 2004 and 2003 should not be taken as indicative of the results to be expected for the full year. The interim consolidated financial statements should be read in conjunction with Enbridge Energy Management, L.L.C.'s ("Enbridge Management") consolidated financial statements and notes thereto presented in Enbridge Management's Annual Report on Form 10-K for the fiscal year ended December 31, 2003.

### **2. SHARE DISTRIBUTION**

The following table sets forth the share distributions, as approved by the Board of Directors for each period in 2004.

<u>Dividend Declaration Date</u>	<u>Dividend Payment Date</u>	<u>Record Date</u>	<u>Distribution per Unit of the Partnership</u>	<u>Average Closing Price of the Listed Shares</u>	<u>Additional i-units owned</u>	<u>Listed Shares distributed</u>	<u>Listed Shares distributed to General Partner</u>

January 22, 2004	February 13, 2004	February 2, 2004	\$0.925	\$49.25	188,998	156,448	32,550
					<u>395,251</u>	<u>327,180</u>	<u>68,071</u>

On July 22, 2004, Enbridge Management's Board of Directors declared a share distribution payable on August 13, 2004, to stockholders of record as of August 2, 2004, based on the \$0.925 per common unit distribution declared by Enbridge Energy Partners, L.P. (the "Partnership"). The Partnership's distribution increases the number of i-units owned by Enbridge Management. The amount of this increase is calculated by dividing the amount of the cash distribution paid by the Partnership on each common unit by the average market price of one of Enbridge Management's shares as determined for the 10-trading day period ending on the trading day immediately prior to the ex-dividend date for our shares. Enbridge Management will also distribute additional Listed Shares to the Listed Shareholders and additional shares to Enbridge Energy Company, Inc., the general partner of the Partnership (the "General Partner"), in respect of these additional i-units.

During the first six months of 2004, Enbridge Management had non-cash operating activities in the form of the distributions from the i-units and corresponding non-cash financing activities in the form of the distributions to the Listed Shareholders of \$18.8 million, which increased the accumulated deficit by \$9.3 million in the first three months of 2004 and \$9.5 million in the second three months of 2004.

### **3. GAIN ON ISSUANCE OF UNITS BY ENBRIDGE ENERGY PARTNERS, L.P.**

Enbridge Management recognizes a gain or loss when its ownership interest in the Partnership is diluted. This occurs when the Partnership issues additional Class A common units and Enbridge

**3. GAIN ON ISSUANCE OF UNITS BY ENBRIDGE ENERGY PARTNERS, L.P. (Continued)**

Management does not participate in the issuance. To the extent the new issuance price per unit is greater than or less than Enbridge Management's average cost per unit, a gain/(loss) is recognized.

In January 2004, the Partnership issued 450,000 Class A common units due to the exercise of the over allotment option from its December 2003 issuance at \$50.30 per unit, which generated proceeds, net of underwriters' fees and discounts, commissions and issuance expenses, of approximately \$21.6 million. As net proceeds received by the Partnership were greater than net book value, this resulted in the recognition of a dilution gain of \$0.9 million, before income tax expense.

## **ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

### **Results of Operations**

The results of operations consist of Enbridge Management's share of the earnings of Enbridge Energy Partners, L.P. (the "Partnership") attributable to the i-units owned by Enbridge Management. Through ownership of i-units, Enbridge Management owns an approximate 18.6% limited partner interest in the Partnership at June 30, 2004. As Enbridge Management manages the Partnership on behalf of Enbridge Energy Company, Inc., the general partner of the Partnership (the "General Partner"), Enbridge Management uses the equity method of accounting for the investment and, therefore, records earnings equal to its ownership percentage of the Partnership's limited partners' net income. Enbridge Management's percentage ownership will change over time, as the number of i-units owned becomes a different percentage of the total units outstanding of the Partnership. The information set forth under "Part I, Item 2—Management's Discussion and Analysis of Financial Condition and Results of Operations" in the Partnership's Form 10-Q, as filed on August 2, 2004, is hereby incorporated by reference.

Net income of \$3.8 million and \$5.6 million for the three months ended June 30, 2004 and 2003, respectively and \$7.7 million and \$9.4 million for the six months ended June 30, 2004 and 2003, respectively, represents equity in earnings attributable to the i-units owned, plus the dilution gain from the Partnership's issuance of units, reduced by deferred income tax expense. Enbridge Management recognizes a gain or loss when its ownership interest in the Partnership is diluted. This occurs when the Partnership issues additional Class A common units and Enbridge Management does not acquire units in the issuance. To the extent the new issuance price per unit is greater than or less than Enbridge Management's average cost per unit, gain/(loss) is recognized. Deferred income tax expense is calculated based on the difference between the accounting and tax values of our investment in the Partnership and the 35% federal income tax rate of Enbridge Management's share of the earnings of the Partnership. Both basic and diluted earnings per share are calculated as net income divided by the weighted-average number of shares outstanding during the period. There are no securities outstanding that may be converted into or exercised for shares.

The following table illustrates the Partnership's net income and allocations to its limited partners for the periods presented.

	<u>Three months ended June 30,</u>		<u>Six months ended June 30,</u>	
	<u>2004</u>	<u>2003</u>	<u>2004</u>	<u>2003</u>
	<u>(dollars in millions)</u>			
Net income of the Partnership . . . .	\$35.9	\$23.3	\$ 69.0	\$55.9
Less: net income allocated to the General Partner . . . . .	<u>(5.5)</u>	<u>(4.7)</u>	<u>(11.0)</u>	<u>(9.6)</u>
Net income allocated to limited partners . . . . .	<u>\$30.4</u>	<u>\$18.6</u>	<u>\$ 58.0</u>	<u>\$46.3</u>

### **Liquidity and Capital Resources**

Enbridge Management's authorized capital structure consists of two classes of interests: (1) voting shares, all of which are owned by the General Partner, and (2) Listed Shares, which represent limited liability company interests with limited voting rights and are traded on the New York Stock Exchange. At June 30, 2004, Enbridge Management's issued capitalization consisted of cash contributed by the General Partner in exchange for its voting shares and \$393.0 million associated with the 10,457,420 Listed Shares outstanding.

The number of shares outstanding, including the voting shares owned by the General Partner, will at all times equal the number of i-units that Enbridge Management owns in the Partnership. Typically, the General Partner and owners of common units of the Partnership will receive distributions from the Partnership in cash. Instead of receiving cash distributions, the number of i-units owned by Enbridge Management will increase automatically under the Partnership's partnership agreement. The amount of this increase is calculated by dividing the amount of the cash distribution paid by the Partnership on each common unit by the average market price of one of Enbridge Management's shares as determined for the 10-trading day period ending on the trading day immediately prior to the ex-dividend date for our shares. At the same time that the number of i-units Enbridge Management owns increases, Enbridge Management will make distributions on Enbridge Management's shares in the form of additional shares, with the result that the number of our shares and voting shares then outstanding will equal the number of i-units owned.

#### **Off-balance Sheet Arrangements**

Enbridge Management has no off-balance sheet arrangements.

### ***ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURE ABOUT MARKET RISK***

The nature of Enbridge Management's business and operations is such that no activities or transactions of the type requiring discussion under this item are conducted or entered into. The information set forth under "Part I, Item 3—Quantitative and Qualitative Disclosure About Market Risk," in the Partnership's Form 10-Q is hereby incorporated by reference.

### ***ITEM 4. CONTROLS AND PROCEDURES***

Enbridge Management and Enbridge Inc. maintain systems of disclosure controls and procedures designed to provide reasonable assurance that Enbridge Management is able to record, process, summarize and report the information required in Enbridge Management's annual and quarterly reports under the Securities Exchange Act of 1934. Management of Enbridge Management has evaluated the effectiveness of Enbridge Management's disclosure controls and procedures as of June 30, 2004. Based upon that evaluation, Enbridge Management's principal executive officer and principal financial officer concluded that Enbridge Management's disclosure controls and procedures are effective to accomplish their purpose. In conducting this assessment, management of Enbridge Management relied on similar evaluations conducted by employees of Enbridge Inc. affiliates who provide certain treasury, accounting and other services on behalf of Enbridge Management. No significant changes were made to Enbridge Management's internal controls or other factors that could significantly affect these controls subsequent to the date of their evaluation, nor were any corrective actions with respect to significant deficiencies and material weaknesses necessary subsequent to that date.

During the second quarter of 2004, there have been no changes in our internal control over financial reporting that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.
